Missouri Topco Limited

Notes to the financial statements

1. General information

The Company is incorporated and domiciled in Guernsey, all subsidiary companies are incorporated and domiciled in the UK. The Company is limited by shares. The financial statements are presented in sterling, which is the Group's functional and presentational currency. The Group's principal place of business is Perimeter Road, Knowsley Industrial Park, Liverpool, L33 7SZ.

These condensed consolidated interim financial statements were approved for issue on 11 July 2016.

2. Summary of accounting policies

Basis of preparation

These condensed consolidated interim financial statements should be read in conjunction with the annual financial statements for the 52 weeks ended 27 February 2016, which have been prepared in accordance with International Financial Reporting Standards (IFRS) as adopted by the European Union and IFRIC interpretations.

Except as described below, the accounting policies applied are consistent with those of the annual financial statements for the 52 weeks ended 27 February 2016, as described in those annual financial statements.

Taxes on income in the interim periods are accrued using the tax rate that would be applicable to expected total annual earnings.

There are no new IFRSs or IFRIC interpretations that are effective for the first time for this financial period that would be expected to have a material impact on the Group.

At the date of approval of these condensed consolidated interim financial statements, the IASB and IFRIC have issued new or amended standards and interpretations which were in issue but not effective for the financial period and not early adopted:

New standards, amendments to standards or interpretations

- IFRS 9 Financial Instruments
- IFRS 15 Revenue from Contracts with Customers
- IFRS 16 Leases
- Amendments to IFRS 2 Share-based payments
- Amendments to IAS 12 Recognition of Deferred Tax Assets for Unrealised Losses

The Group intends to adopt the new standards and amendments no later than their applicable date, subject to endorsement by the EU.

4. Segment Reporting

The chief operating decision-maker has been identified as the Board of Directors. The Directors consider there to be one operating and reportable segment, being that of the sale of clothing and homewares through out of town retail outlets, primarily through the Matalan fascia, in the United Kingdom.

Internal reports reviewed regularly by the Board provide information to allow the chief operating decision-maker to allocate resources and make decisions about the operations. The internal reporting focuses on the Group as a whole and does not identify individual segments. This set of condensed consolidated interim financial statements is therefore presented as a single reportable segment.

The chief operating decision-maker relies primarily on EBITDA before exceptional items to assess the performance of the Group and make decisions about resources to be allocated to the segment. This can be reconciled to statutory operating profit as follows:

	13 weeks ended 28 May 2016	13 weeks ended 30 May 2015	52 weeks ended 27 February 2016
	£'m	£'m	£'m
Operating profit	8.9	4.4	16.9
Depreciation and amortisation	7.3	7.6	29.9
Exceptional items	-	0.4	9.4
EBITDA	16.2	12.4	56.2

The performance of the Group is subject to seasonal peaks. The Group traditionally performs well during the late spring and early summer and over the Christmas season.

Whilst the e-commerce business represents a significant opportunity for future growth within the Group, it does not yet represent a significant portion of the operating results of the Group. E-commerce is therefore not reported as a separate operating segment by the Group for internal or external reporting purposes.

Missouri Topco Limited

Notes to the financial statements (continued)

5. Income tax

Income tax for the 13 week period ended 28 May 2016 is 0% (13 weeks ended 30 May 2015: 26.9% credit; 52 weeks ended 27 February 2016: 15.8% credit) of profit representing the best estimate of the effective annual income tax rate expected for the full year, applied to the pre-tax loss for the 13 week period.

The effective annual income tax rate of 25.8% for the period is higher than the standard rate of corporation tax in the UK of 20.0% at the end of May 2016 (May 2015: 20.09%, February 2016: 20.09%). The key reconciling items relate to non-deductible expenses. The rate of corporation tax is based on a weighted average rate. The standard rate of corporation tax reduced from 21% to 20% on 1 April 2015 (23% to 21% on 1 April 2014).

6. Financial liabilities – borrowings

	(488.2)	(487.1)	(488.0)

Borrowings are all denominated in sterling as at 28 May 2016. The Group had no short term borrowings during any of the reported periods.

Issue costs of £5.2m were incurred in relation to the First Lien Secured Notes and the Second Lien Secured Notes and are being amortised over the terms of the facilities.

A proportion of the Second Lien Secured Notes are held by shareholders of the Company.

7. Derivative financial instruments

Forward foreign exchange contracts

The total principal value of forward foreign exchange contracts at 28 May 2016 is £488.0m (30 May 2015: £567.0m; 27 February 2016: £553.2m).

The net fair value of gains as at 28 May 2016 on open forward foreign exchange contracts that hedge the foreign currency risk of purchases are £33.4m (30 May 2015: gains of £27.2m; 27 February 2016: gains of £74.6m). These are transferred at their current fair value as an inventory based adjustment on receipt of the underlying inventory.

During a previous period a lease previously assigned to another retailer was returned to the Company in 2009 on privity of contract after they entered administration. A provision was created at that time to recognise that the lease was onerous and this was treated as exceptional in nature and is being released over the remaining life of the lease.

During the prior period, a provision was recognised for properties no longer used by the business following its move to a new head office and distribution centre. This provision was treated as exceptional and was fully utilised by 27 February 2016.

During a previous period, the Group established a provision for anticipated future dilapidations costs, this was fully utilised within the 13 week period ended 28 May 2016.

Closure of SportingPro division

The Group closed the SportingPro division during the 52 weeks ended 27 February 2016 and the costs incurred and income received following the closure were treated as exceptional. This included revenue of £3.6m, cost of goods sold of £4.3m, selling costs of £0.6m and administrative costs of £2.6m including £0.3m of termination payments.

Sale of inventories to wholesale customer

During the 52 weeks ended 27 February 2016, the company incurred significant disruption to its supply chain for the northern store estate following the transition to its new distribution centre in Liverpool. As a result of these issues, a significant volume of seasonal product was trapped in the distribution centre and could not be despatched before the end of season sale event. Consequently, this product was sold to a wholesale customer for £0.9m. The cost of inventories sold through this channel was £4.8m.

Restructuring costs

Restructuring costs of £nil were incurred in the 13 week period ended 28 May 2016 (13 week period 30 May 2015: £0.4m; 52 week period ended 27 February 2016: £0.8m).

13. Exceptional items (continued)

Onerous contract provision

A lease previously assigned to another retailer was returned to the Company in 2009 on privity of contract after they entered administration. A provision was created at that time to recognise that the lease was onerous and this was treated as exceptional in nature. It is reviewed annually to ensure the carrying value is correct.

In the 52 weeks ended 27 February 2016, there was a £0.1m charge to exceptional items relating to a true-up of actual costs incurred during that year following the completion of those contracts. As the initial provision on these properties was created through exceptional items, the final true up was also recognised as exceptional.

Variation of lease costs

During the 52 weeks ended 27 February 2016, the Group paid £0.3m to vary the lease on a property which had previously been included in the onerous lease provision. As the initial provision on this property was created through exceptional items, the costs to vary this lease were also recognised as exceptional.

Head office and distribution centre relocation - onerous contract provision

In a prior period a £2.3m provision was recognised for properties no longer used by the business following the move to the new head office and distribution centre. This provision was treated as exceptional. This was reviewed at the end of the 52 weeks ended 27 February 2016 and a further £0.1m was provided.

Dilapidations

During a prior period, the Group established a provision for anticipated future dilapidations costs in relation to the closure of the old head office and distribution centre. In the 52 weeks ended 27 February 2016 the charge was increased by £0.3m following surveys conducted.
